FOREST FIRE WARDEN'S REPORT

---

As the tempo of America's war effort mounts, demands upon its citizens for service become more numerous and exacting. To some comes the call to arms; others to public service and still others to defense industries and organizations. No one can possibly escape if he would. All must bear a proportionate share of the burden and the sacrifice. Strong first line fronts on land, sea and in the air are needed and can be developed and maintained only if there is unity of purpose and common determination behind the home front.

As men are drawn into service the burden of carrying on rests more heavily upon those forced to remain at home. Here, team work becomes increasingly important because of constantly diminishing manpower. A general breakdown in essential local activities and law observance can only be prevented by whole hearted cooperation between citizens and leaders.

There is no field of endeavor where cooperation and compliance with law and regulation are more needed than that of forest fire control. The most effective and economical effort in this field of activity is that of prevention. The old adage "an ounce of prevention" being "worth a pound of cure" was never more aptly applied than to forest fire control.

The forest fire warden is, by law, the designated local leader in forest fire matters. He exercises his prerogatives and discharges his duties as such under the direction of the State Forester. There was never a time when the warden needed each citizen's good will and cooperation more than he does now. With manpower waning, fire prevention, through efficient preparation, care with fire and compliance with necessary regulations become a vital duty of citizenship.

For years efforts have been made to improve the usual

bad Spring and Fall fire record. It was not until this year, however, that this problem was, to a great extent solved when permit burning was more rigidly restricted. Forest fire wardens were instructed not to issue permits except on rainy days. This plan worked out so well it has been decided to make it the established policy governing legal burning.

Everyone is well acquainted with the several civilian defense groups. Many of our fellow townsmen are serving in one or other of them. It is only recently, however, that the Office of Civilian Defense, recognizing the threat forest fires are to our timber facilities and resources and the possible disruption of war activities in critical areas, established the "Forest Fire Fighters Service". Its purpose is to provide fire fighters, equipped and trained, to strengthen the hand of the local forest fire warden; to acquaint the people in the area with their responsibility in fire prevention and suppression and to provide an opportunity for people in and near forested areas to participate in the war effort. The State Forester is the State Coordinator; the District Fire Chiefs are District Coordinators and the Warden is the Local Coordinator. The Forest Fire Fighters Service personnel will be registered under the direction of the Office of Civilian Defense; it will be trained by the local warden and his assistants, aided by the District Chief. Individual citizens are urged to join this service group by applying to their local forest fire warden. By becoming a part of this organization locally, individuals can contribute their share toward the protection of our forest resources which are so vital to the war job.

During this critical period it is more than ever the part of good and prudent citizenship to remember

1. That permission to burn in or near woodland or where fire may be communicated to woodland must be secured from the forest fire warden when the ground is not covered with snow.

2. To be careful when smoking in or near the woods and not to throw lighted cigars, cigarettes or matches from moving vehicles.
3. To notify your local warden promptly of any fires you see.
4. That fire prevention is the best and cheapest fire insurance.
5. To be fire-minded; be careful; be cooperative and thus help your warden prevent forest fires. This is patriotism at work.

The 1942 fire record for our town follows:

Number of fires	1
Acreage burned	7
Cost of Suppression	\$45.10
Number of permits issued	49

We, the undersigned Auditors of accounts of the Selectmen and Treasurer of the Town of Boscawen for the years 1942-1943, report that we have examined the accounts and find receipts and cash on hand to have been \$98,754.06 from January 31, 1942 to January 31, 1943, and disbursements paid on orders from the Selectmen from Nos. 916 to Nos. 1626 inclusive to have been \$95,579.86. All of which are properly vouched and correctly cast.

We have also examined the books of the Town Clerk, Tax Collector, Trust funds and Municipal Court and find the same correct.

BOSCAWEN PUBLIC LIBRARY

---

The schedule at the library maintains these hours the year round, namely:—Tuesdays, 2:00 to 4:30 o'clock; and 6:30 to 8:00 o'clock. Saturdays, 2:00 to 4:30 o'clock.

Penacook Branch: Mondays, 3:00 to 5:00 o'clock; Wednesdays, 3:00 to 8:00 o'clock.

Sub-stations still continue at the Water Street school, where adult books are available, also at the Merrimack County Farm.

Vacation Reading Clubs were conducted at both libraries with a total registration of 48, of which 37 completed the required work and received certificates.

Book week parties were not held this year because of transportation but the librarian visited the schools taking collections of books for their use and entertaining with stories and reviews of new children's books, awards for work accomplished in the Reading Clubs were presented. Attractive Book Week posters made by the boys and girls were displayed in the library.

Penacook and Boscawen Congregational churches enrolled in the Congregational Christian Reading Contest.

Since Mrs. Emma Flanders moved to Portsmouth the main library has been without an assistant as this work was done by the two Federal workers, Mrs. Ethel McGrale and Mrs. I. E. Coulson. With the closing of the Federal Library project Mrs. McGrale was appointed assistant librarian at the main library. Circulation figures show a slight decrease over last year in adult reading. The following is the circulation: Adult, fiction, 7,430; non-fiction, 1,564; Juvenile fiction, 3,451; Juvenile non-fiction, 1,491. Magazines, 917; reference questions answered 2,643.

212 books have been added, 39 by gifts, and 173 purchased. We wish to express our thanks to the donors—Rev. Asa M. Parker, Dorothy Sweatt and Miss Susie Wilson. Additional equipment at the Main library: two new

books cases giving room for approximately 500 more books. The new magazine rack has aided in the display of the current magazines. A children's table and chairs have been very helpful at the Penacook Branch and a new book case is soon to be added to relieve the congestion there.

Red Cross sewing was done at the Main library for several weeks.

The librarian attended all sessions of the State Library Association and convention held last June in Concord, and is now serving as President of the State Association. Flossie Duquette, branch assistant, also attended several sessions of the June meeting. Mrs. Emery also attended the district meeting which was entertained by the Concord Public Library. Boscawen is to entertain this group for its annual gathering in 1943.

During the Christmas Holidays the library was attractive with a miniature lighted fireplace, a Santa Claus and a lighted tree covered with packages. The librarian entertained the children on the Tuesday afternoon before Christmas with holiday stories and refreshments of candy.

Many interesting exhibits of an educational nature are on display at the library and the public is invited to visit the library whenever possible. Our book fund does not grow as fast as in years past due to the low rate of interest paid by banks and the entire book fund is received from this source. The Board of Library Trustees have been obliged to curtail their monthly meetings because of gas rationing and weather conditions but meet every two months.

ELIZABETH G. HALL,

*Secretary.*
